

Attention!

Bosse'61 Classmates

Last fall many of us enjoyed a great weekend attending our 55th Reunion Events. We think everyone who attended will agree it was very special to get together with our classmates and socialize! Now we are thinking ahead to our next gathering.

The Class of '61 Planning Committee would like to know the level of interest that exists from all of you regarding a 75th Birthday Party in 2018. To make it worthwhile for those class members who would be traveling from outside of Evansville, we would try to include events over a 2-day period in the late Summer/early Fall of 2018.

Would you please call or send an email to either Allen Lewis or Steve Fraser (information below), and let them know your interest level and intent to attend. Please help us out by your timely response fairly soon so that we will know whether or not to proceed. Thanks!
